Leopard 27 "Mazag"

MOTOR YACHT

NEW CENTRAL AGENCY LEOPARD 27

This yacht is one of the very last Leopard 27 models built by renowned Italian shipyard Arno Shipyard. Delivered in 2007 and meticulously maintained since new, she has had only two owners from new.

Designed by acclaimed Italian designer Andrea Bacigalupo, she perfectly combines the aggressive sporty lines that made the Leopard range famous with a bright, contemporary interior enhanced by large panoramic windows and an electric opening sunroof.

Powered by the highly desirable twin MTU 16V2000 M92 engines producing 2,180 HP each, paired with Arneson surface drives, this Leopard 27 delivers impressive performance with a cruising speed of approximately 34 knots while maintaining exceptional handling and onboard comfort.

The yacht accommodates up to 7 guests in 3 well-appointed cabins: Full-beam master - One double - One twin with additional Pullman berth

All cabins feature en-suite bathrooms and integrated entertainment systems.

Her exterior spaces have been thoughtfully designed for enjoying life at sea. The spacious aft deck offers a comfortable alfresco dining area and generous sunpads, while the foredeck provides a more private lounging space complete with cushions and a removable bimini top. A large swim platform ensures easy access to the water and watersports activities.

Inside, the main salon benefits from abundant natural light, comfortable seating, and a refined modern atmosphere. An additional lower lounge area with LCD television creates a second relaxation space ideal for guests.

This Leopard 27 represents a rare opportunity to acquire an iconic Italian open yacht combining timeless design, thrilling performance, and luxurious onboard living.
